## about me

---

currently finishing my cfc, i am a passionate graphic designer with a strong drive to keep learning and improving my craft for as long as possible. i have a deep love for typography creation and enjoy exploring creative ways to design fun, interesting, and visually appealing

work. my goal is always to create standout visuals that help brands shine and leave a lasting impression. in order to keep learning i would love to do a bachelor degree in visual communication as well as a master degree on typography creation.
